Dear Mr. McCone:

When July 6 comes around I will have been General Counsel of AEC for two years. I have informed Dr. Seaborg privately that I intend to leave the Commission on that day. My present plan is to go back to practice.

I write this note to thank you for having acted directly on my situation on December 19, 1960 after I had been Acting for about five months. Had it not been for the fact that you crystallized the case I might very well not have had the opportunity to have done this job. I appreciated your help then and also in retrospect the opportunity to have worked with you, in a small way, when you were here. So far as I know I leave with good feelings all around, and considerably enriched because of the association with the present Commission and its staff.

Sincerely,

*Neil D. Naiden*
